

Lockwood 141 Series

DESCRIPTION

The Lockwood 141 Series Padlock is a 50mm stainless steel dial type combination padlock with key override.

Designed as basic protection for barrier and deterrent applications such as school lockers where access by authorised staff is required.

FEATURES

- Key override for immediate access by authorised staff.
- Steel latch mechanism.
- Dual layer polished stainless steel body.
- Case hardened 8mm diameter steel shackle.
- Brass 4 pin tumbler mechanism.
- Brightly coloured dial for easy identification.
- Positive three digit dialling gives maximum combinations.
- Available in RCKA (Random Codes, Keyed Alike) only.
